OUR INSPIRATIONAL JOURNEY

1921

A Humble Beginning in Rawalpindi

Lt. Shri Puran Chand Jain opened a general merchant shop in Marhi, Rawalpindi. His dedication to quality and community laid the cornerstone for a multi-generation enterprise.

1947

Resilience and Renewal

Amid the upheaval of partition, the Jain family migrated with nothing, but hope. Settling first in Hoshiarpur, they embraced trading roles that sharpened their entrepreneurial spirit and prepared them for their next leap.

1948

New Horizons in Delhi

The family arrived in Delhi and launched their first shop at Qutub Road, Sadar Bazaar. Selling staples like Dal, Atta, and Chawal, they quickly earned local trust and expanded into distributing major brands such as Amul and Britannia.

1959

Crafting Our Own Future

Visionary leader Lt. Shri Surender Kumar Jain, alongside his brothers, ventured into manufacturing, establishing their own food production unit which marked the transition from trading others' products to crafting branded offerings.

1985

Launched Solar, Innovation in Every Jar

The first factory under the Solar brand came to life. From fancy sugar and sauces to noodles and drinking chocolate, Solar embodied the family's flair for speciality foods.

1990

Pioneering New Frontiers

Building on Solar's success, the team introduced mineral water to challenge market leaders, supplied canned provisions to armed forces and antarctic expeditions, and became one of India's pioneers in canned baby corn.

1999

The Birth of ZONE-Flavour Meets Vision

An eye-opening international trip revealed a gap between cola and spirits in India. Inspired to fill the gap, Mr. Vineet Jain launched ZONE with six core syrups, setting the stage for a suite of over 30 vibrant flavours.

2011

Growing the Beverage Family

ZONE expanded its portfolio with fruit crushes and allied beverage products, doubling down on innovation and strengthening its foothold in India's dynamic beverage segment.

2011-2016

The New Generation-Passion in Action

In 2011, Mr. Shubham Jain streamlined sales and administration. By 2016, Mr. Udit Jain joined hands to oversee operations, build team, and strategize fuelling ZONE's growth with fresh energy, steadfast values, and visionary leadership.

UP TO 2022

Going with Legacy

Solar is the backbone that has fueled inspiration for the family to keep leading with innovation.

2022

Beginning of Flagship Plant

Launch of flagship plant in the Alwar city as an expansion of footprint. The beginning led a movement to serve innovative flavours.
